#### **PART V-EVALUATION CRITERIA & PRICE BIDS ISSUES**

46. **Evaluation Criteria**-The broad guidelines for evaluation of Bids will be as follows:

(a) Only those Bids will be evaluated which are found to be fulfilling all the eligibility and qualifying requirements of the RFP both technically and commercially.

(b) Initially the Technical bid will be opened on the day specified for opening of bids. Only those financial bids will be opened whose technical bids fulfill all the eligibility and qualifying requirements of the RFP. Rest will be returned to the bidders unopened.

(c) Date for opening financial bids of qualifying bidders will be intimated later after ascertaining the quality of the submitted samples.

(d) The lowest bid will be decided upon the lowest price quoted by the particular Bidder. The consideration of taxes and duties in evaluation process will be as follows:-

(i) In cases where only indigenous Bidders are competing all taxes and duties (including those for which exemption certificates are issued) quoted by the bidders will be considered. The ultimate cost to the Buyer would be the deciding factor for ranking of Bids.

(ii) The Bidders are required to spell out the rates of customs duty, Excise duty GST, Service Tax, etc in unambiguous terms, otherwise their offers will be loaded with the maximum rates of duties and taxes for the purpose of comparison of prices. If reimbursement of customs duty / Excise Duty / GST is intended as extra over the quoted prices the Bidder must specifically say so. In the absence of any such stipulation it will be presumed that the prices quoted are firm and final and no claim on account of such duties will be entreated after the opening of tenders. If a Bidder chooses to quote a price inclusive of any duty and does not confirm inclusive of such duty so included is firm and final, he should clearly indicate the rate of such duty and quantum of excise duty included in the price. Failure to do so may result in ignoring of such offers summarily. If a Bidder is exempted from payment of Customs duty/Excise Duty/GST duty up to any value of supplies from them, they should clearly state that no excise duty will be charged by them up to the limit of exemption which they may have. If any concession is available in regard to rate/quantum of Customs duty / Excise

duty / GST, it should be bought out clearly. Stipulations like excise duty was presently no applicable but the same will be charged if it becomes leviable later on, will not be accepted unless in such cases it is clearly stated by a Bidder that excise duty will not be charged by him even if the same becomes applicable later on. In respect of the Bidder who fail to comply with this requirement, their quoted prices shall be loaded with the quantum of excise duty which is normally applicable on the item in question for the purpose of comparing their prices with other Bidders. The same logic applies to Customs duty and GST also.

- (e) If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price will prevail and the total price will be corrected. If there is a discrepancy between words and figures, the amount in words will prevail for calculation of price.
- (f) The Lowest Acceptable Bid will be considered further for placement of contract / Supply order after complete clarification and price negotiations as decided by the Buyer. The Buyer will have the right to award contracts to different Bidders for being lowest in particular items. The Buyer also reserves the right to do Apportionment of quality, if it is convinced that lowest Bidder is not in a position to supply full quantity in stipulated time.
- (g) Any other criteria as applicable to suit a particular case.
