- (e) Last two year's list of clients is to be enclosed.
- (f) It is hereby brought to the notice of all prospective bidders that if any change/additions/alterations are found to be made by them in the copies of the Bid, proof documents etc. and the same is subsequently detected / noticed at any stage even after award of the work/supply; all necessary actions including stoppage of the work/supply, forfeiting of Security Deposit and stoppage of payment would be taken. In addition, the bidders shall be liable to be prosecuted under law for any malpractice found.
- (g) This advertisement does not constitute, and will not be deemed to constitute any commitment on the part of the school with respect to exact demand quantity.
- (h) The Bid forms are required to be submitted prior to Bid opening procedure. Late and incomplete Bid forms shall be summarily rejected. No correspondences in this regard will be entertained.
- (j) The Principal, Sainik School reserves the right to itself not to issue the document and/or to accept or reject any or all the offers at any stage of the process and or modify the process without assigning any reason whatsoever, and his decision in this matter is deemed as final and binding. The firm will not be entitled for any compensation for rejection of his application.
- (k) If any firm has authorized dealership certificate, the same may also be enclosed. The authorized dealership shall be considered subject to other conditions.
- (l) Sainik School does not bind itself to accept only lowest Bid. It reserves the right to select the bidders on other essential count also.
- (m) The lowest bid will be decided upon the lowest price quoted by the Bidder. The consideration of taxes and duties in evaluation process will be as follows:-
- (i) In cases where only indigenous Bidders are competing all taxes and duties (including those for which exemption certificates are issued) quoted by the bidders will be considered. The ultimate cost to the Buyer would be the deciding factor for ranking of Bids.
- (ii) The Bidders are required to spell out the rates of Tax etc in unambiguous terms, otherwise their offers will be loaded with the maximum rates of duties and taxes for the purpose of comparison of prices. If reimbursement of GST is intended as extra over the quoted prices the Bidder must specifically say so. In the absence of any such stipulation it will be presumed that the prices quoted are firm and final and no claim on account of such duties will be entrained after the opening of Bids. If a Bidder chooses to quote a price inclusive of any duty and dose not confirm inclusive of such duty so included is firm and final, he should clearly indicate the rate of such duty and quantum of tax included in the price. Failure to do so may result in ignoring of such offers summarily. If a Bidder is exempted form payment of GST duty up to any value of supplies from them, they should clearly state

that no tax will be charged by them up to the limit of exemption which they may have. If any concession is available regarding rate/quantum of GST, it should be bought out clearly. Stipulations like tax was presently no applicable

but the same will be charged if it becomes leviable latter on, will not be accepted unless in such cases it is clearly stated by a Bidder that tax will not be charged by him even if the same becomes applicable later. In respect of the Bidder who fail to comply with this requirement, their quoted prices shall be loaded with the quantum of tax which is normally applicable on the item in question for the purpose of comparing their prices with other Bidders. The same logic applies to GST also.

(n) If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price will prevail and the total price will be corrected. If there is a discrepancy between words and figures, the amount in words will prevail for calculation of price.

(o) The Lowest Acceptable Bid will be considered further for placement of work/supply order after complete clarification and price negotiations as decided by the Buyer. The Buyer will have the right to award work/supply to different Bidders for being lowest in particular items. The Buyer also reserves the right to do Apportionment of quality, if it is convinced that lowest Bidder is not able to supply full quantity in stipulated time.

(p) Any other criteria as applicable to suit a particular case.
